

Publication list, Jes Vollertsen

- 57 Burn, S., Tjandraatmadja, G., Davis, P., DeSilva, D., Eiswirth, M., Wolf, L., Held, I., Vollertsen, J., Williams, W. and Hafskjold, L. (subm) Sustainable Management of Leakage from Water Supply and Wastewater Pipelines. Submitted for Marrakech 2004
- 56 Weixiao Y, Hvitved-Jacobsen T and Vollertsen J (Acc). Anoxic transformations of wastewater in sewer networks. Accepted for oral presentation at the 18th European Junior Scientist Workshop on sewer Processes and Networks in Almogrove, Portugal, 8-11 November 2003.
- 55 Yongsiri C, Vollertsen J and Hvitved-Jacobsen T (Subm). Influence of Wastewater Constituents on Hydrogen Sulfide Emission in Sewer Networks. Submitted for Journal of Environmental Engineering (ASCE)
- 54 Ashley R M, Sakrabani R, Hvitved-Jacobsen T and Vollertsen J (2003). Solids in sewers – near bed transport and the biodegradability of eroded solids. Proc. of IAHR Congress, August 2003, Thessaloniki, Greece, Ed. Ganoulis J., Prinos P., pp 409-416
- 53 Weixiao Y, Vollertsen J, Hvitved-Jacobsen T and Ravn J. (2003). Energy-saving method for biological nitrogen removal in digester effluents. Report to CP Kelco in the frame of the project “Deammonification – substantial biological nitrogen removal in industrial process wastewaters”. pp 42
- 52 Weixiao Y, Vollertsen J and Hvitved-Jacobsen T (2003). Nitrate accumulation in the treatment of wastewaters with high ammonia concentration. *Water Science & Technology*, 48(3), 135-141
- 51 Hvitved-Jacobsen, T. and Vollertsen J (2003) Pollution from road runoff – concepts and engineering. Handout at “Course on Road Runoff Characteristics and Impacts Reduction, Lisbon, Portugal, October 13-15, 2003
- 50 Nielsen, A.H., Vollertsen, J. and Hvitved-Jacobsen, T. (2003). Chemical sulfide oxidation in wastewater – effects of pH and temperature. Proceedings from the 2nd IWA International Conference on Odors & VOCs, Singapore, 14-17 September 2003.
- 49 Yongsiri C, Vollertsen J and Hvitved-Jacobsen T (2003). Hydrogen sulfide emission in sewer networks: a two-phase modeling approach to the sulfur cycle. Proceedings from the 2nd IWA International Conference on Odors & VOCs, Singapore, 14-17 September 2003
- 48 Weixiao Y, Vollertsen J and Hvitved-Jacobsen T(2003) Anoxic control of odour and corrosion from sewer networks. Proceedings from the 2nd IWA International Conference on Odors & VOCs, Singapore, 14-17 September 2003
- 47 Nielsen A H, Vollertsen J and Hvitved-Jacobsen T (2003). Determination of Kinetics and Stoichiometry of Chemical Sulfide Oxidation in Wastewater of Sewer Networks. *Environmental Sciences & Technology*, 37(17), 3853-3858.
- 46 Vollertsen J, Hvitved-Jacobsen T and Nielsen A H (acc). Stochastic modeling of COD transformation in gravity sewers. Accepted for publication in *Water Environment*

Research.

- 45 Vollertsen J and Hvitved-Jacobsen T (subm) Collection Systems - dry and wet weather performance in "Municipal Wastewater Management in Developing Countries: Principles and Engineering". Edited by Z. Ujang and M. Henze. IWA Publishing.
- 44 Yongsiri C, Vollertsen J and Hvitved-Jacobsen T (in print). Effect of temperature on air-water transfer of hydrogen sulfide. *Journal of Environmental Engineering (ASCE)*.
- 43 Ashley R M, Dudley J, Saul A J, Blanksby J R and Vollertsen J (2003) Trouble in store – what's going on in our wastewater systems? Presented at the East Midlands Branch of the Chartered Institution of Water and Environmental Management (CIWEM), UK, 11. March 2003, pp 24
- 42 Ashley R M., Blanksby J., Dudley J., Saul A J., Smith H., Vollertsen J. (2002). Impact of extended storage on sewage treatment. United Kingdom Water Industry Research (UKWIR) Report No. 02/WW/04/3 UKWIR ISBN 1 84057 266 3. 225pp.
- 41 Yongsiri C, Hvitved-Jacobsen T, Vollertsen J and Tanaka N (2002). Introducing the emission process of hydrogen sulfide to a sewer process model (WATS). *Water Science & Technology*, 47(4), 85-92
- 40 Vollertsen J, Borregaard V R, Hansen C K and Jespersen, B N (2003) Biologi i mekanikken – eller hvordan et renseanlæg mister værdifuldt organisk stof. *Spildevandsteknisk Tidsskrift* 31(1), 18-20.
- 39 Abdul Talib, S., Hvitved-Jacobsen T., Vollertsen J. and Ujang, Z. (2002) Half saturation constants for nitrate and nitrite by in-sewer anoxic transformations of wastewater organic matter. *Water Science & Technology*, 46(9), 185-192
- 37 Vollertsen, J., Hvitved-Jacobsen T., Ujang, Z. and Abdul Talib, S. (2001). Integrated design of sewers and wastewater treatment plants. *Water Science & Technology*, 46(9), 11-20
- 36 Jensen, N.A., Vollertsen, J, Vorkamp, K. and Hvitved-Jacobsen, T. (2002). Udsivning fra utætte kloakker. *danskVAND* nr. 5(70), 198-201.
- 35 Hvitved-Jacobsen T, Vollertsen J, Yongsiri C, Nielsen A H and Abdul-Talib S (2002). Sewer Microbial Processes, Emissions and Impacts. Presentation at the 3rd IWA International Conference on Sewer Processes and Networks, 15-17 April, Paris, France.
- 34 Yongsiri C, Vollertsen J and Hvitved-Jacobsen T (In print). Air-water transfer of hydrogen sulfide – an approach for application in sewer networks. *Water Environment Research*.
- 33 Vollertsen J and Hvitved-Jacobsen T (2002). Exfiltration from gravity sewers – a pilot scale study. *Water Science & Technology*, 47(4), 69-76
- 32 Vollertsen, J, Vorkamp, K., Hvitved-Jacobsen, T and Jensen, N.A. (2002). Udsivning af spildevand fra afløbssystemer. Miljøstyrelsen, Miljø- og Energiministeriet. Miljøprojekt no. 685.
- 31 Vollertsen, J, Vorkamp, K. and Hvitved-Jacobsen (2002). Udsivning fra afløbssystemer. EVA. Edb-anvendelse i Vandmiljøteknikken. 15(1), 19-21
